WEDNESDAY, JULY 10, 1907.

Every man loves to see his business thriving whether it adds to his salary or not. The ticket agent loves to sell tickets, the R. F. D. carrier loves to handle mail, the clerk to sell goods, the postmaster to sell stamps, the bar keeper to sell drinks, but we do not know that the bank man actually loves to part with his money. He has not ting else to sell and he sells that reluctantly. It was said "before the war" that "sheep meat was too good for niggers," and sometimes it looks as though money was too good for most men. The favored few handle it and the rest howl for it. "Buckle and tongue meet" only that and nothing more.

Why was it ever thought necessary that school children should have vaccine? And why is it absolutely necessary that the big D. D's shall travel abroad each summer, or lounge at mountain resort or on the seaside? Farmers work the year round, and so do merchants mechanics, miners, sailors, shoemakers and even editors. Only three months of rest off on the part of the children must be a serious loss to them, and while the D. D's are resting the devil is getting in some of his best licks.

A pamphlet is now being circulated, written by a citizen of one of the northern States, who claims to know whereof he speaks, in which Booker Washington's management of the Tuskagee institute is literally scorched. If what the writer says is true it should be abated as a public nuisance.

When Cadroe, the Czar of the Hons, finds that he can't be President, he is going to be more of the Czar than ever, and we can the next session of Congress is closing some Democrats will offer the resolution of thanks to the Speaker for his courtesy, impartiality. &c What a farce!

The fame of Jefferson Davis, our only president, does'nt rest upon the restoration of his name upon that bridge at Washington. He walks among the immortal and neither spite, nor sneer, nor slight can separate him from his noble companionship.

Some Democrats agree some of the time (it is alleged) all Democrats agree none of the time, and no Democrats agree all of the time.
—Washington Herald

Uncle Sam has an enormous surplus, and we would'nt be surprised if our Congressmen added still more to their pay without any thought of doing more or better work.

The umbrella trust was indicted before we even knew there was such a thing on earth. Trust in connection with the umbrella sounds queer anyhow.

President Roosevelt's western tour begins on the 29th of September. Is it for sight-seeing or vote-making?

John D's dodging is the most notoriously public item of the day's news. But he has finally been harnessed.

The government has an enormous surplus. Why not let it from on public roads?

What's wrong with Mr. J. Temple Graves anyhow, when he undertakes to pledge the vote of the Southern States to Mr. Roosevelt? As well undertake to prohibit the Georgia negro from eating the Georgia melon. Mr. Roosevelt can do without the South in his cabinet and must do without it at the polls.

The Haley-Thomas contest has brought Senator Daniel prominently into State politics. No matter who go s to the State Senate from Lynchburg, Senator Daniel will be his own successor.

A field of wheat is standing uncut today, 8th of July in view of your correspondent—a thing probably unknown in Virginia farming at this late date.

Public opinion around here strongly denounces the outcome of the Loving trial. The wild west in its wildest days never held human life more cheaply than do Virginia juries now. Trial by jury for murder has become a farce where a woman is in the case, for the petit jury is but a continuation of the grand jury before whom only the plaintiff side can be heard; your correspondent opines that buggy-riding, the delight above all things of country boys and girls will soon become obsolete, until a change is made in existing law; a young man is running too great a risk in inviting a girl to ride with him row, pique, jealousy or whiskey on the girl's part may send a boy innocent of all wrong to an untimely grave. It behooves the Virginia Legislature quickly to remove this blot on her escutcheon name, and insist at least that a whiskey-drinking woman's evidence should be open to impeachment and the press of Virginia led by her greatest newspap r, the News-Leader, cannot devote their talents to a more urgent or worthy cause.

The Judge Uses Forceful Language.

Judge W. P. Simmons, of Prescott, Va., told the jury that L. & M. Paint was used on a house he resided in in 1882, and that the color held for 21 years; he furthermore said that 5 years ago he was induced to use another paint and is sorry he did, because the other paint didn't make a cent. The Judge will now always use L. & M., because he knows I say do not exhale in L. & M. Paint. Its house will be regular—for nothing.

You L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 15 to 18 years.

Female Weakness
"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."
Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

Children's Day.

Sunday morning, July 7th, was a red letter day at Liberty Chapel. It was Children's Day there and a large crowd was in attendance—so large that all couldn't get inside the house. There was a long and interesting program, but not too long, consisting of music, recitations, &c. Miss Belle Moss, the organist for the church, presided at the organ and did credit both to the occasion and to herself. At the hour, a large one, was composed of local talent assisted by several visitors from other churches, who added valuable assistance to the music. The recitations consisting of selections appropriate to the occasion, and these were recited by the Sunday-school children, who did their parts well. The pastor, H. T. Allison, closed the exercises with an address on the Sunday-school and Collportage work, and $12.6' was realized for the Board. Those who had the management of the exercises and the training of the children deserve our hearty commendation for the way in which they brought things to pass.

Robertson—Jones.

One of the prettiest weddings of the season was witnessed at the residence of Mr. and Mrs. Frank Jones, near Spout Spring, on July 3rd at 2:30 o'clock, when their pretty and attractive daughter was united in marriage to Mr. Wm. D. Robertson. The marriage ceremony took place on the lawn, already beautiful, but rendered more so by being artistically decorated for the occasion, having fir arches of evergreen and daisies; the central arch being suspended with a bridal bell of daisies, under which the happy pair were united. Promptly at the appointed hour, to the strain of Lohengrin's wedding march sweetly rendered by Miss McCorkle, of Lynchburg, the bridal party approached: Mr. Marvin Jones with Miss Nina Chilton, followed by the bride with her maid of honor, Miss Anna Burton, of Charlotte, N. C., a cousin, and were met under the arch by the groom, attended by his best man, Mr. J. Glover Wood, of Lynchburg, his cousin, where the ceremony was impressively performed by Rev. Mr. Jett, their pastor The maids of honor were becomingly attired in white mull and carried carnations. The bride wore a dress of net over white taffeta, princess effect, having her veil caught with a spray of orange blossoms, and in her hand she carried a shower bouquet of lillies of the valley. Never did the bride look more beautiful or attractive than on the occasion. The groom is a young man of sterling worth, and both bride and groom are held in high esteem by all who know them. After the ceremony the happy couple left for a tour to Jamestown and other points of interest, after which they will reside near Spout Spring. The bride's going away frock was blue voille over taffeta, hat and gloves to match. There were many pretty and useful bridal presents. Only relatives and a few intimate friends were invited.

Price—Whitten.

On Wednesday, June 26th the home of Mr. and Mrs. D. W. Drinkard, 1623 Main St., Lynchburg, Va., was the scene of a quiet and elaborate occasion, where Miss Irene Viola Whitten and Mr. William Edward Price were united in holy bonds of wedlock. Miss Whitten is the beautiful and attractive young daughter of Mr. and Mrs. J. T. Whitten, of Nelson county, Va., and was the book-keeper of C. H. Almond, Lynchburg. Mr. Price is a son of Mr. and Mrs. J. A. Price of Concord, Va., and the assistant road-master on the Norfolk Division of the Norfolk and Western Ry. Co. Miss Xa Moon, of Lynchburg, was maid of honor and Mr. Levi T. Whitten, of Richmond, was best man. The bride wore a beautiful tan costume with hat and gloves to correspond, and carried bride's roses. The maid of honor was arrayed in solid white and carried sweet peas. The bridal party entered the parlor while Miss Myrtle Turner, in the most unique style, softly rendered Mendelleohn's March. They were met by Rev. W. H. Lawson, of Cumberland, who performed the ceremony. Mr. and Mrs. Price left on the N. & W. westbound train, No. 3, for Portsmouth, and Cincinnati, Ohio, and other western points of interest throughout West Virginia, Ohio and Kentucky. They returned to Lynchburg on July 1st at 616 Main Street where they will reside for the present. On last Sunday the bride and groom visited their parents, Mr. and Mrs. J. A. Price, at Concord. Mr. Price was raised in Concord and had a broad circle of friendship during his growing years. He entered services with the N. & W. Ry., about 5 years ago in the road-master's office and growing in favor with the Company he was promoted to assistant road-master a year or more ago. His many young and old friends were charmed to greet him at his old homestead with happy congratulations and wishes for long future happiness in his years of matrimony.

Pamplin City.

The farmers of this vicinity were entertained on Saturday afternoon last, by three addresses on Agriculture, of a highly practical and instructive character. They were delivered by Prof. Knapp, of Louisiana, Mr. Wilson, of Mississippi, and Mr. T. O. Sandy, of Burkeville, and as a result a car-load of lime was ordered by the farmers of the surrounding country.

Mrs. Nora Rice left this morning for a short visit to Pulaski.

Mrs. M. L. Bonham and her sister, Miss Hannah Warren, with Miss Ada Chalkley, all of Richmond, are on a visit to Rev. and Mrs. P. T. Warren.

The following should have appeared in your paper earlier. Mrs. Catharine Rangone, nee Hamilton, aged 68 years, wife of Mr. Thomas G. Ransone, died at her home, near here, of paralysis, May 1st, last. Mrs. Ransone was in bad health for many years, but bore her sufferings with meekness and resignation to the will of God. She had been a professing Christian and church member for 50 years, and was a member of the Rocks Baptist Church at the time of her death. Not only was she a Christian, but she used her influence for Christ over her loved ones and others with whom she came in contact. After a sermon by Rev. P. T. Warren, from the words, "Be thou faithful unto death, and I will give thee the crown of life." Rev. 3:10, she was buried in the Rocks Baptist Church Cemetery, May 2nd. A goodly number of people attended her funeral, thus attesting their interest in, and appreciation of her. She has left a husband and one son, three step daughters, and four stepsons, to whom as a mother she was faithful, besides a number of relatives, to mourn a loss, which, we believe, is to her an infinite gain.

Speakers for the State Farmers' Institute.

Excellent progress has been made in arranging the program for the next meeting of the State Farmers' Institute at Roanoke on August 13, 14 and 15, and while it is not complete in all its details many persons will be interested to learn the names of a number of the speakers who have agreed to be present and deliver addresses.

The Hon. W. M. Hays, Assistant Secretary of Agriculture, will deliver two addresses, one on the "Future of the American Farmer," and the other on "The Value of Technical Education for the Farmers." Prof. Hays is too well known to need an introduction to the farmers of Virginia.

Dr. A. G. Melvin, Chief of the Bureau of Animal Industry, Washington, D. C., will discuss the "Eradication of Ticks in Virginia," which means so much to a large part of the State.

Prof. A. D. Shamel, of the Bureau of Plant Industry, will discuss the "Improvement of Tobacco and other Farm Crops." Prof. Shamel is a specialist in this line of work, and is in a position to give much valuable information to our tobacco growers and they will no doubt be delighted at having an opportunity to hear from one who is an authority on this important subject.

Prof. Hommel, of the United States Department of Agriculture, will give a talk on the American Carriage Horse, and what the Government is doing to stimulate an interest in the breeding and development of horses of this class.

Dr. S. A. Robinson, of Covesville, Va., will read a paper of the "Food Value of Milk," and Dr. Chas. A. Canaday, of Roanoke, a paper on the "City Milk Supply." These papers will both be handled by experts in their line, and the dairy business is growing so rapidly in the State that their remarks will certainly be listened to with much interest and benefit.

Dr. Paul Barringer, the President elect of the Virginia Polytechnic Institute, will also be present and discuss the subject of "An Open Field for Industry." Undoubtedly all of the members will be glad to have an opportunity of meeting the new President of the V. P. I.

"Road Building" will be considered in detail by Capt. P. St. J Wilson, State Highway Commissioner. This is a subject of vast economic importance and the part the State is playing in improving our highways through the use of convicts will undoubtedly provide one of the most interesting features of the m eting.

These are but a few of the more important subjects. In addition it is proper to state that a summary of the results of feeding over 400 head of beef cattle, and 160 or more head of hogs and 3 large number of calves will be presented. There will also be a report on the result of the work of the Department of Field Experiments at Blacksburg.

It is needless to say that there is a treat in store for all who attend the 4th Annual Meeting of the Virginia State Farmers' Institute.

ANDREW M. SOULE,
Secretary.

FARMS FOR SALE.
Appomattox, Buckingham, Campbell, Amherst and Nelson Counties.
Any farm or business for sale will be advertised in these columns. No charge unless sale is made. Write this office for information.

No. 122. 200 Acres. $3,000
This is a most conveniently located farm and is offered to wind up the estate of the deceased owner. The residence contains six rooms, and there are some outbuildings on the place, but they are not considered of much value. About 100 acres are cleared. About 100 acres is timber. About 100 acres open for cultivation. It is smoothly close to town and depot. It will work twice the asking price.

No. 185. Store house and dwelling combined, in a thriving town, for sale or exchange for farm. A rare and exclusive of any account. For sale at a bargain. Price $1500.

No. 27. 700 Acres. $8 per acre.
This is one of the old estates of Prince Edward county; has on it six miles of public road; there is some rough land on the farm, but as a whole it is comparatively smooth; the place has been in the hands of tenants for years and presents a bad appearance, but in the hands of a farmer would soon be a fine farm; it is situated in the Green Bay section of Prince Edward, Va., which has suffered a good matter; the land is assessed at $8 per acre, which indicates a value of at least $10 per acre; the residence is a frame building with 8 rooms.

No 25. 325 Acres. $10,000
This is certainly a handsome property, fronting, as it does, along the main street of a thriving little town on R. R., with the best school, church, telephone and express advantages; the land is nice and smooth, and has been well cultivated; the improvements are all in perfect condition; 100 acres of the farm is probably under cultivation. There are three residences on the place, two of them are comfortable tenant houses, with chimneys at each end, containing four rooms each. The residence is a model of the best of this section of Virginia, constructed of the very best material and contains 9 rooms; it sets in a beautiful grove and the lawn and situation are simply lovely. The scenery and surroundings charm the eyes of lovers of nature. It is the cheapest property of its kind in the state. $10,000 would be cheap for it.

No. 179. 200 Acres. $1,600
This farm lies about 8 miles from station, on R. D. and main road. Contains still also; 150 acres is under cultivation, 50 acres in valuable timber. Good spring for stock water. Convenient to churches etc. Good residence of 4 rooms, kitchen and crib barns, etc. It is offered to wind up the estate.

NATURE'S
GREAT BLOOD TONIC
Piedmont-Bedford Concentrated Iron & Alum Water
(Representing the Famous Bedford Alum & Iron Springs of Va.)
contains 17 of the most powerful Mineral Tonics.
An 18-oz. bottle contains all the minerals in a barrel of the average water. We furnish the minerals, you furnish the water.
We have certificates both from the public and from eminent physicians, telling of its virtues in Dyspepsia, Rheumatism, a large variety of Female Diseases, Chronic Diarrhoea and Dysentery, General Debility, Anaemia, Ulceration of the Stomach, Sore Throat, Diabetes, Piles, Chronic Eczema, Nervousness, Chronic Constipation, and many showing the wonderful cures in that dreadful disease, Scrofula.
Dr. T. L. KAMLER, for fifteen years a resident at the Springs, says: For Scrofula, that fearful destroyer of human health and happiness, there is in this water a remedy which neither science nor fortunate accident has hitherto found an equal. It is in this malady, and some forms of secondary and tertiary Syphilis, that this water when carried to its full alterative effect, discloses its highest curative powers. In all forms of diseases peculiar to females, this water will be found to exert a curative influence second to none in Virginia.
I have given your Concentrated Water a fair trial, and say with pleasure I have been greatly benefited. For some years I have suffered more or less with Indigestion, followed by Constipation and other attendant ills. Within the past two months I have found such relief from your remedy that I have improved in strength and weight; have eaten what I chose and dared to do for a long time, and have done harder work than I have been able to do before for years.
Rev. OSCAR LITTLETON,
Presiding Elder of Lynchburg, Va.
Since 1894 I have been afflicted with Chronic Diarrhoea. About six months ago I commenced using your Concentrated Iron and Alum Water with the most wonderful and satisfactory results. For three or four years past I have been deprived of the privilege of visiting friends or going to church, as my trouble kept me in constant apprehension, having left me entirely the control of my bowels; but now I am happy to state that after using about a half dozen bottles of your remedy I am entirely well, and having used any for the last four months. I can confidently and most gladly recommend your remedy for Chronic Diarrhoea.
CAPT. RUFUS AMIS, Virginia, Va.
I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has entirely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial.
Rev. H. M. BLAIR,
Editor C. C. Christian Advocate,
Greensboro, N. C.
I have used and prescribed waters from several Iron and Alum Springs, but none of them begin to come up to your Concentrated Water in all that goes to make the ideal alterative, strengthener, appetizer and restorative. It is at once a fine tonic and flesh-builder. Have advised several friends to try it, and always with fine and quick results. In January I had a bottle sent from one of your dealers to a lady, with the understanding that if it did not at once improve her digestive apparatus, I would pay the $1.00 myself. She not only willingly paid the bill, but needs part of re-call dozen more bottles, and is now completely cured of a long and annoying Stomach Trouble. This seems to be the case with all who try it.
